

Summary of Poster session 1

Ailikun, Linda Means

14:00-15:30, 5th Nov 2013

Among 70 posters in P1, 50 is focused on EU domain, Asia 12, America 8, Africa 5, Arctic 7, Antarctic 2 and Middle East 2.

In terms of themes, 9 is focused on model development, 38 on model evaluation, 11 on future projection, 6 on impact study and 5 others.

Highlights & Summary

- 1, Comparative domain studies: e g. over the Caribbean
- 2, Need more simulations over the Arctic
- 3, Looking at variables beyond just temperature and precipitation e g. humidity
- 4, Looking at more variables important to the impact community
